

Dear Keren Malki Supporter,

I hope this finds you well and you enjoyed the Rainbow of Music concert to support the work of Keren Malki. It was a pleasure to greet you there as we enjoyed the concert while supporting such an important organization.

We at Mizrahi Tefahot are proud to associate ourselves with such good causes, as it is an opportunity to contribute back to the society we identify with. Mizrahi Tefahot has been a longtime supporter of Keren Malki and the fine work that they do helping families with special needs children keep them in their home and not in institutions. In addition every year we are one of the sponsors of their main fundraising event the Rainbow of Music concert.

UMTB is a full service Bank with International Private Banking centers across Israel to support the Anglo community. In addition UMTB is the largest Mortgage provider in Israel.

Our recognition as Number 1 for Foreign Resident and Olim Chadashim mortgages and personal banking stems from the ability to empathize with you as former Olim ourselves, having dealt with the same issues you need to deal with either as a new Oleh or even a veteran Oleh that prefers having a Banker understand and speak their language.

If you have any questions concerning Banking issues or would like to set a meeting to speak please feel free to contact me.

Wishing you and your family a חג כשר ושמח

Jay Ari Jacobs
